Course Summary

Welcome to the course! This summary lists what you will learn and how the course is organised.

How to use this course

- Watch the course video from start to finish.
- Your progress bar fills as you watch.
- Take the quiz at the end of every week.
- Ask questions and share comments with other students.

Weekly Plan

Week 1: Foundations and your first exercises.

Week 2: Core concepts with hands-on practice.

Week 3+: Projects that put everything together.

Tips

- Pause the video and try every example yourself.
- Re-take quizzes until you score at least 60%.
- Keep notes; you will reuse them in the projects.
